alcohol abuse**

Advanced treatment options, dedicated professionals and a unique caring environment make St. Peter's one of the most well-regarded health systems.

In recent years, St. Peter's Hospital has been recognized by national and state health care quality organizations for excellence in care. We offer a comprehensive, integrated continuum of services – ranging from acute care in the hospital to outpatient services, home care, nursing homes, hospice care, addictions treatment and much more.

St. Peter's continues to set the pace for health care innovations. We are 4,500 professionals who know that technology is critical to treatment, but compassion is the key to healing.

ADDICTION RECOVERY SERVICES

ST PETER'S HEALTH PARTNERS

# St. Peter's Addiction Recovery Center (SPARC)

is a behavioral health service established in 1972.

Our services are accredited by the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO) and licensed by the New York State Office of Alcoholism and Substance Abuse Services (OASAS).

We are fully committed to providing the highest standards of care for those we serve. As part of our dedication to the community, SPARC offers a comprehensive range of services for persons affected by drug, alcohol and tobacco abuse.

## Our Services

Are you concerned that a friend or loved one is affected by drugs or alcohol? We understand that asking for help can be difficult. Please call us for support and guidance at 518-452-6700. Our experienced, dedicated staff provide effective intervention to patients and their supporters with care and respect.

The first step is a thorough, confidential assessment. We incorporate individual, group, and family therapy in treating our patients and clients. Our goal is to help those we serve, including integrated services for persons with co-occurring disorders, attain a healthy and satisfying lifestyle free of alcohol and drugs.

With eight sites conveniently located throughout the Capital Region, SPARC offers a comprehensive range of services including:

- 18-bed Detox unit at St. Peter's Hospital
- 40-bed Inpatient Rehabilitation facility
- Six Outpatient Treatment locations
- Men's Community Residence
- NYS DMV Drinking Driver Program
- Shelter Plus Care (housing assistance for persons in recovery)
- Specialty programs including Vocational Services
- An Emergency Shelter
- Community & Professional Development
- Educational programs

SPARC also works collaboratively with other health care providers and referral sources to ensure our patients receive comprehensive care.
