

The Community is A Full Partner

Community members from across Schenectady have joined with city, county, state and federal officials to stop group related gun violence. **Schenectady Law Enforcement** has identified the street groups who are responsible for much of the city's violence. Neighborhood leaders, activists and community members are delivering the message to these groups:

The level of violence in our city is unacceptable and it must stop!

Consequences for groups who won't stop will be swift and certain.

Immediate help is available for those who choose a different way of life!

STOP

THE

VIOLENCE

To stop the violence, Schenectady Law Enforcement has a new plan.

The City of Schenectady, Schenectady County, New York State and the Federal Government are organized in a new way to use all available laws to stop the violence, especially gun violence.

Group Consequences

If you are in a group involved in a gun-related violent act, not only will the shooter be arrested, your entire group will be aggressively pursued and prosecuted – *even those not involved in the shooting*. Everyone in the group will be arrested for any illegal action – no deals, no outs, and no exceptions.

Follow the Rules:

1. DO NOT COMMIT A VIOLENT CRIME

If you or someone in your group is the next to shoot or kill someone after this meeting, *your entire group* will get special attention from all of us.

2. DO NOT BE PART OF THE MOST VIOLENT GROUP

The most violent group will get special attention from this

Law Enforcement Partnership.
