RECORD'S MANAGEMENT SHELVING

ADDENDUM #2

August 4, 2021

Response to questions submitted regarding this bid:

Question #1:

The current shelving had shelf openings of 10.75" h -please confirm this is acceptable for new shelving -11" was mentioned in previous addenda-user indicated their existing shelving was acceptable.

Answer:

Acceptable if the shelving has 12 openings and fit the standard box size as mentioned in the previous addenda.

Question #2:

The previous addenda also addressed using floor anchors on the back-to-back shelving units. If these units are tied together, there is no need by the shelving dimensions for floor anchors- drilling holes into the floor-etc-I did not see any floor anchors with the current shelving units. Please confirm that it is an option for successful vendor to secure shelving units per shelving manufacturers' Recommendations.

Answer:

Successful vendor to secure shelving units per shelving manufacturers' installation requirements. All installations shall be in accordance with manufacturer standards and all local and state regulations.

Question #3:

Is there an alternative to providing a 5% bid bond-Depending on when we can determine our quote price-it may not be enough time for the paperwork.

Answer:

5% bid bond is required.
